Mohamed Fatta

Software Engineer at Ntt Data
Agadir, Souss-Massa, Morocco

Summary

I am a junior full stack web developer passionate about learning and growth

Experience

NTT DATA Morocco
Software Engineer
February 2023 - Present (9 months)
Morocco

Ziwig Biotech
Full Stack Web Developer
October 2021 - March 2023 (1 year 6 months)
Rabat, Rabat-Salé-Kenitra, Morocco

development of a multi tenant SaaS platform for deploying - monitoring - scaling applications using cloud technologies (aws for the moment) :

- implementing a solution for separating models by organisation.
- implementing an IAM solution to add fine grained authorization rules based on model roles.
- secure secrets by using Hashicorp Vault.
- understanding different Keycloak authentication flows and implementing a custom one.
- understanding Keycloak authorization schema and implementing a generic script to update authorization policies based on realm roles.
- creating test cases to test different REST APIs using Robot Framework.
- reading and validating coworker's code.
- implementing a generic REST API to manage files in different cloud providers or for the local disk based on a config file.

Wepilot
1 year
Back End Developer
May 2021 - October 2021 (6 months)
Agadir, Souss-Massa, Morocco
